

MINECRAFT PERIODIC TABLE PROJECT

this is NOT
THE REAL PERIODIC
TABLE.
it's a JOKE!

- Learn about real periodic table
- Choose an element from periodic table and research it
- Pretend this element exists in Minecraft
 - > Make up 5 new uses for that element
 - > Create a presentation to show off your 5 uses
 - > Post pictures of your creations or a link to your work on Edmodo.

The screenshot shows an Edmodo interface. At the top, there are navigation tabs for 'Students', 'Teachers', 'Members', and 'Small Groups'. Below this is a 'Post:' section with options for 'Note', 'Alert', 'Assignment', 'Quiz', and 'Poll'. A text input field contains the placeholder 'type your note here...'. The main post is from 'Mr. Gillispie, Minecraft Explorers' and includes a pixelated avatar. The text of the post reads: 'So as an example for our Elemental Minecraft Assignment, I researched Helium. I've always wished we could make helium balloons in Minecraft! Here's my research and my products.' Below the text is a collage of images related to Helium, including a periodic table, a pie chart, and diagrams of balloons and Minecraft items.
